Supporting Pupils with Medical Conditions Policy**

Document Title	Supporting Pupils with Medical Conditions Policy
Reference Number	ED03
Version Number	Version 1
Date of Issue	Sept 2018
Latest Revision	Sept 2020
Distribution	Education staff
Owner	Chief Executive
Policy Lead(s)	Head of Service: Head of School
Department	Education

Many of the pupils supported at Birtenshaw Education Services' have complex and long term medical conditions. This Policy statement should be read in conjunction with the organisation's Administration and Storage of Medication Policy. CP39

Policy Statement

Birtenshaw Education Services' is an inclusive community, which supports and welcomes pupils with complex health needs, including those with diagnosed medical conditions.

Birtenshaw Education Services' aims to provide all pupils with all forms of medical condition and health need the same opportunities as others at the school.

Birtenshaw Education Services' we recognise the importance of preparing our pupils for life in modern Britain, therefore our policies reflect this ethos and incorporate

fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.

Procedures

All staff understand and are trained in the general emergency and First Aid Procedures. Staff also receive additional training as required to support specific pupil's needs such as epilepsy, gastrostomy feeding and so on.

All staff are able to support any pupil who requires personal care as a result of their disability or medical condition

All staff understand what best practice and unacceptable practice is regarding pupils with medical conditions.

The School ensures that the environment is inclusive and favourable to pupils with medical conditions where practicably possible. This includes the physical environment, as well as social, sporting and educational activities where practicably possible.

The needs of pupils with medical conditions are considered to ensure they have involvement in structured and unstructured social activities and full access to activities.

Full health and safety risk assessments are carried out on all activities before they are approved, taking into account the needs of pupils with medical conditions.

Following any accident or medical emergency, a review is completed to see how they could have been avoided and appropriate changes to plans and risk assessments are made

Roles and Responsibilities

The Head of Service is responsible for

- Informing relevant staff of medical conditions
- Overseeing the management and provision of support for pupils with medical conditions
- Arranging training for identified staff
- Ensuring that staff are aware of the importance to communicate necessary information about medical conditions and where necessary, take the lead in communicating this information
- Ensuring risk assessment for visits and other activities outside of the normal timetable are in place
- Developing, monitoring and reviewing Individual Healthcare Plans with healthcare professionals
- Working together with parents, pupils, healthcare professionals as well as other agencies

Teachers and Support Staff are responsible for

- The day to day management of the medical conditions of pupils they work with, in line with training received, as set out in Individual Healthcare Plans
- The day to day management of the medical conditions of pupils they work with
- Working with the named person ensuring that risk assessments are carried out

Individual Healthcare Plans

- An Individual Healthcare Plan will be written for pupils with a long term or complex medical condition
- It will clarify what needs to be put in place, when it needs to be in place and by whom it should be arranged. This includes information about the pupil's condition, special requirements, medicines, emergencies and action in the case of an emergency

Administration of Medicines (See Policy CP39)

- Consent from parents/carers must be received before administering any medication to a pupil.
- Only staff trained in the administering of medication will administer medication to pupils
- Medicines will only be accepted for administration if they are:
Prescribed
In-date
Labelled with the pupils details
- Provided in the original container, as dispensed by a pharmacist and include instructions for administration, dosage and storage
 - The exception to this is 'Insulin' which will generally be available inside an insulin pen or pump, rather than in its original container
 - All medication will be stored in a secure place, e.g. a locked filing cabinet or medicines cupboard. Pupils and education staff should know where pupils medicines are stored
 - Written records will be kept detailing all medication administered to pupils

Action in Emergencies

- Request an ambulance – dial 999 and be ready with the information below.
- Speak slowly and clearly and be ready to repeat information if asked
 - The school telephone number:
 - Your name
 - Your location
 - Provide the exact location of the pupil

- Provide the name of the pupil and a brief description of their symptoms
- Inform ambulance control to enter the site using the main entrance and give clear directions about which is the closes entrance to the incident.
- Ensure staff are ready to meet the ambulance crew on arrival and give additional direction
- A senior member of staff should contact the parents/carers immediately to inform them of the situation
- A member of staff should stay with the pupil until the parent/carer arrives. If a parent/carer does not arrive before the pupil is transported to the hospital, a member of staff should accompany the pupil in the ambulance
