

Birtenshaw Gender Pay Gap Report

05 April 2023

The Equality Act 2010 (Gender Pay Gap Information) Regulations 2017 requires Birtenshaw as a company that employs over 250 people to publish specific information relating to gender pay gaps. The results below relate to 05 April 2023 during which there were 467 full pay relevant employees, 71% of which were female and 29% male.

Note, occupations such as care where women are over represented typically produce lower pay gaps.

1. Mean pay gap = 3% with men being at the advantage of the 3%
2. Median pay gap = 0%
3. Proportion of Men and women in each quartile

	Men	Women
Upper quartile	26%	74%
Upper middle quartile	30%	70%
Lower middle quartile	35%	65%
Lower quartile	26%	74%

4. Birtenshaw does not operate a bonus scheme

Birtenshaw is committed to ensuring staff are not discriminated against because of their gender, there are no differential rates based on gender, only based on the job itself.

Results indicate there is no significant positive or negative percentage mean or median gender pay gap.

Birtenshaw is committed to recruiting both male and female staff into the organisation, and will continue to recruit and promote based on merit.

In the results females are proportionally represented in the upper pay quartile. Three out of six Directors are female and seventeen out of twenty three Senior Managers are female.

I confirm that all reasonable efforts have been made to ensure that the information published within this report is accurate.
